

After signing tenancy agreement

Once the tenancy agreement is signed and the required funds has been received by the agent / landlord according to the tenancy agreement then the property is *exclusively secured* for the named tenant on the tenancy agreement

Next steps

Ensure to transfer the required funds according to the tenancy agreement

Landlords bank account details are on the application for tenancy form

Set up a meeting with the inventory company for the check in inventory and key collection

The tenant can contact the inventory company the details are provide once tenancy agreement are signed

Inventory company also will contact the tenant to set up the check in meeting

Meet at the property on the date and time agreed for the check in inventory and key collection

Highly recommend at least *two tenants* of the tenant group attend the check in inventory and key collection
